

Come Along With THE LETTER PEOPLE

to

Our First National User's Conference

Indianapolis, IN

April 30, 2000

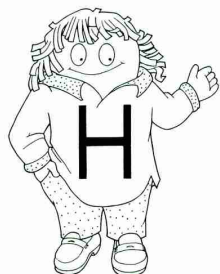

We have timed our User's Conference just prior to the International Reading Association Convention to make it as convenient as possible for you to attend both meetings.

Your day will be filled with sessions useful for both the new and veteran user, as well as for those who are "just looking." Hear from Pre-K, K, and first Grade One teachers who have experienced both personal and student success with the NEW Letter People. Learn the latest strategies and classroom techniques to promote phonological awareness, the alphabetic principle, and emergent literacy. Share some of your own experiences, too. We'll supply plenty of hands-on activities, as well as lunch—all at a very nominal cost.

Please photocopy and fax or mail the coupon below to receive registration information when it becomes available in early February. Since attendance will be limited, be sure to be one of the first to return a registration form. We're looking forward to seeing you!
